OPEN JOB POSITION: GREEK OUTREACH MANAGER

APPLY NOW AT
recruiting@soupandsocks.eu
AND JOIN THE TEAM OF
HABIBI.WORKS FOR AUGUST
AND SEPTEMBER 2019!

YOUR TASKS

As the Greek Outreach Manager, you will be the face and voice of Habibi.Works towards the local community. Your main tasks will consist of:

- Getting in touch with local organisations and institutions to present the project and to create connections (for example the university, the municipality).
- Supporting the team in Habibi.Works with translations from English to Greek and vice versa, orally and in writing
- Accompanying team members and introducing them to different actors, projects and places in and around Ioannina you have connected with.
- Organising meetings and visits of other actors and individuals in Habibi.Works.

You will work on four to five days per week, usually around seven to eight hours per day. We are flexible and happy to agree on the exact times together with you. We are interested in your ideas and happy to include them when we define the goals of your work at the beginning of your stay with us

Apply now with your CV and a small description of your experience and motivation at recruiting@soupandsocks.eu

WHY WE NEED A GREEK OUTREACH MANAGER

Since August 2016, the small non-profit organisation Soup and Socks e.V. has been successfully running the project Habibi.Works. Habibi.Works is a makerspace with 11 different working areas. The equipment, material and activities we offer are free of charge for Greek locals and people living in refugee camps.

We believe that a strong network with local organisations and individuals is essential for the future of a project like Habibi.Works. Join our team and support inspiring makers from all over the world to connect with the local society!

The position is open from 1st August 2019 until 30th September 2019. Differently to most of our positions (which are filled by volunteers), we will be able to compensate you for your work with a small amount of money.

WHAT WE CAN OFFER

In Habibi.Works, you will meet people from more than 12 countries. We offer you a meaningful experience and additionally we grant you:

- Free accommodation in our apartment
- Free meals
- Free travels when you join and leave the team after the two months
- Monthly compensations of 300 Euros

**We are a small organisation –
with a great cause!**

What is NetWorks?

The program NetWorks was created to offer high quality workshops and vocational training to men and women living in refugee camps in Greece.

Until September 2019, we are going to invite one international and one Greek team of experts every month to join us in our maker space [Habibi.Works!](#)

The teams are going to conduct a training in an area defined by our target group. The program offers skills & insights into different fields of expertise, but they will also create an online and offline support network between people who already are professionals within the (European) labour market and those who aim to access the labour market.

Moreover, NetWorks allows brilliant people from all around the globe to travel to Greece and connect with people living in refugee camps, getting to know the challenges they are confronted with and the incredible talents they have!

NetWorks is made possible with the support of the Facebook Community Leadership Program.

What is Habibi.Works?

Who we are

Soup and Socks is a German non-profit organisation founded in 2015 by a group of young adults who wanted to get active and set signs of solidarity with people who fled their countries. The current project of Soup and Socks is **Habibi.Works**.

What we believe in

People are the experts of their lives. We don't see people who fled their countries as helpless victims, but as talented and experienced men, women and children who can be an enrichment for our societies – if we provide the structures that allow them to integrate. This is what Habibi.Works aims to do on a small scale.

What we do

Habibi.Works is a makerspace, a space of open workshops. For refugees and locals living in the region of Ioannina, our community kitchen, the wood workshop, the metal workshop, the sewing atelier, the creative atelier, the media lab/FabLab and other working areas are *platforms for education, empowerment and encounters* within a context, in which many other doors remain closed for people.

Besides the practical support in Greece, it is our goal to raise international awareness for the talents of people and for the challenges they are facing.

How we do it

We support people to create solutions themselves. We listen to their ideas instead of telling them what to do. We encourage them to share their skills and teach; we empower them instead of carrying out something for them. We live the values we would like to see in our societies: **respect, solidarity, equity**. In our decision making, we try to be as transparent as possible. Open and honest communication is key.
